

JOB POSTING

FINISH CARPENTER

ABOUT US

Hometown Homes is a home builder and renovator in Saskatoon and area. We build spec homes, custom homes and do renovations while providing all of the design and styling services to our clients. We are known for our quality, our jobs running smoothly, and our personality, and because of that, we are growing and are looking for a Finish Carpenter to join our team.

OUR VALUES

Detailed

- Our work is square, straight and centered
- We clean up after ourselves
- We realize it's the little things that go a long way

Efficient

- We have a plan before we start
- We put continuous improvement into action
- We stick to our word

Personable

- We make everyone feel welcome
- We speak in layman's terms
- We share and listen to all ideas

THE ROLE

The purpose of the Finish Carpenter is to turn an idea into reality safely and efficiently while meeting the values of Hometown Homes.

Typical things you'd do include:

- Installing baseboards, casings, doors and hardware
- Creating feature walls, shelving and any custom projects that clients may request
- Building decks, fences, signs, and temporary stairs and railings
- Demolishing job sites and rough framing
- Hanging house numbers and mailboxes
- Installing suspended ceilings
- Assisting in building furniture and hanging decor
- Caulking countertops, stairs, etc.
- Ensuring all work areas are organized and clean
